

Online Manual Features Overview

Content:

Displays all chapters, within each chapter where appropriate there will be links to related chapters. The scope box at the top of the chapter will outline the content and reference guidance and legislation.

Key Words and Contacts:

Key words will be highlighted in the chapters - e.g. "The child would be at risk of Significant Harm by remaining with the family." National Contacts is designed to help you find the contact details for key national agencies and organisations, like SSAFA Forces Help or the Identity and Passport Service.

Quick Guide:

Should be read before entering the main body of the manual, advises of main features, updates and amendments.

Values:

Provides your organisations context for all policies and procedures.

Register for alerts:

You can also register for alerts when the manual is updated, as well as receiving Tri.x Policy Briefings and Practice Guides.

Search:

To find something either a chapter or topic within the manual.

Accessibility:

Accessibility functions allow users to view the site at multiple text-sizes, or in a high-visibility mode.
